Room: The meeting space (#617) of Research Institutes Building.

Speaker1: Visiting Prof. Tatsuo Tokimasa (The endowed division of HyARC, Naogya University)

Title: Offshore wind energy market in Japan

Abstract:

The Offshore wind market in Japan is rapidly coming-up from 2013 year, when 4 demonstration units start the operation. In addition, FIT discussion for offshore wind is on going and will be set-up on March end, 2014. This drives the commercial projects of offshore wind in the market. Through the presentation, the current actual status of offshore wind in Japan is talked.
